

Let the Monster Rise

Alexa Vega & Anthony Stewart Head

Didn't I tell you not to go out, didn't I?
You did, you did...
Didn't I say the world was cruel, didn't I?
You did, you did...
Then tell me how this happened,
What I did wrong
Tell me why
Can't we just go home Shi
and forget this dreadful night
Didn't you say that you were different, didn't you?
I am, I am
Say you aren't that person say it
I am, I am!
Then tell me how to act dad, what to say dad, tell me why
All you've ever told me, every word
Is a lie!
Didn't you say that you'd protect me, didn't you
I tried, I tried!
Is that how you'd help me, is it?
I tried, I tried!
Don't help me anymore dad
You are dead dad, in my eyes
Someone has replaced you
Dad I hate you
Go and die!
Didn't I build a house,
A home, didn't I?
(you did, you did)
Didn't I raise her all alone,
Didn't I?
(you did, you did)
Then Rotti took her from me,
Stole my Shilo,
He's to blame!
Have I failed my daughter,
Then let the father die!
A.nd let the monster rise!!!!!!
