

# Let the Monster Rise

[Alexa Vega & Anthony Stewart Head](#)

Didn't I tell you not to go out, didn't I?  
You did, you did...  
Didn't I say the world was cruel, didn't I?  
You did, you did...  
Then tell me how this happened,  
What I did wrong  
Tell me why  
Can't we just go home Shi  
and forget this dreadful night  
Didn't you say that you were different, didn't you?  
I am, I am  
Say you aren't that person say it  
I am, I am!  
Then tell me how to act dad, what to say dad, tell me why  
All you've ever told me, every word  
Is a lie!  
Didn't you say that you'd protect me, didn't you  
I tried, I tried!  
Is that how you'd help me, is it?  
I tried, I tried!  
Don't help me anymore dad  
You are dead dad, in my eyes  
Someone has replaced you  
Dad I hate you  
Go and die!  
Didn't I build a house,  
A home, didn't I?  
(you did, you did)  
Didn't I raise her all alone,  
Didn't I?  
(you did, you did)  
Then Rotti took her from me,  
Stole my Shilo,  
He's to blame!  
Have I failed my daughter,  
Then let the father die!  
A.nd let the monster rise!!!!!!
