

Moon Love (feat. Nessly)

Boombox Cartel

She's not of this earth
Diving head first, oh yeah
She's thick like my syrup
She's my desert, mm, yeah
Crash land on the moon
Make love on the moon
Bring life to the moon, yeah
Bring life to the moon
Bring life to the night
Come alive in the night
Do you have any visitors?
I wanna visit you
I flip you around and I finish
Have any visitors?
I wanna visit you
I wanna visit you
And I driving like eight hours
18, low key
Ain't gotta put my feet on it even
Heard there was 18 on me
How do they see me from those seats
[?] give me scoliosis
Bring life to the moon
Make love on the moon
Bring life to the moon
Bring life to the moon
Crash land on the moon
Make love on the moon
Bring life to the moon, yeah
Bring life to the moon
Bring life to the night
Come alive in the night
Do you have any visitors?
I wanna visit you
I flip you around and I finish
Have any visitors?
I wanna visit you
I wanna visit you, yeah
She take [?]
She walk different than [?]
I told her the bitches are guarded
From then she take one bite from my apple
She want me to like her the way that she like me
It's more likely she win on [?]
Heard her break beyond repair

I dive in from the air
Bring life to the moon
Make love on the moon
Bring life to the moonBring life to the--Crash land on the moon
Crash land on the moon
Make love on the moon
Make life on the moon
