

# Only Human

## Example

Cause I'm only human  
How do you live when there's nothing to give  
When you strive for a world without soldiers?  
How do you live when there's nothing to give  
To a man when he lives like he's showbiz  
Some little things that you need to know  
Don't disown me  
'Cause I'm only human  
I traveled far sold my heart  
'Cause I'm only human  
Come and hold me  
Get to know me  
Come and hold me  
Get to know me  
Come and hold me  
'Cause I'm only, 'cause I'm only  
'Cause I'm only human Are we ever gonna change our ways  
Or are you looking for a great escape  
You said you don't know, you live and learn  
You said you don't know as I take a turn  
You said you don't know, you live and learn  
'Cause I'm only human How do you live when there's nothing to give  
Can you lie to a saint when he knows you?  
How do you live when there's nothing to give  
Do you act like in faith you're supposed to?  
Some little things that you need to know  
Don't disown me,  
'Cause I'm only human  
I traveled far sold my heart  
'Cause I'm only human Come and hold me  
Get to know me  
Come and hold me  
Get to know me  
Come and hold me  
'Cause I'm only,  
'Cause I'm only human  
Hold me!  
Hold me!  
Hold me!  
'Cause I'm only,  
'Cause I'm only human Are we ever gonna change our ways  
Or are you looking for a great escape

You said you don't know, you live and learn  
You said you don't know as I take a turn  
You said you don't know, you live and learn  
You said you don't know as I take a turn 'Cause I'm only human  
I traveled far sold my heart  
'Cause I'm only human
