

# The Good Times Are Killing Me

## Modest Mouse

The good times  
Yes  
Release The good times The good times are killing me The good times are killing me  
Here we go! Got dirt, got air, got water and I know you can carry on  
Shrugged off, shortsighted, false excitement and oh what can I say?  
Have one, have twenty more "one mores" and oh it does not relent The good times are killing  
me Kick butt, buzz cut, dickheads who didn't like what I said  
The good times are killing me  
Jaws clenched tight, we talked all night, oh but what the hell did we say?  
The good times are killing me  
The good times are killing me  
The good times are killing me Fed up with all that LSD  
Need more sleep than coke or methamphetamines  
Late nights with warm, warm whiskey  
I guess the good times they were all just killing me  
Got dirt, got air, got water and I know you can carry on  
The good times are killing me  
Enough hair of the dog to make myself an entire rug  
The good times are killing me  
Have one, have twenty more "one mores" and oh it does not relent  
The good times are killing me  
Shit kicker, city slickers who all wanted me dead  
The good times are killing me  
Get sucked in and stuck in late nights with more folks that I don't know  
The good times are killing me ([The good times are killing me])  
The good times are killing me  
The good times are killing me ([The good times are killing me])  
The good times are killing me  
The good times are killing me ([The good times are killing me])  
The good times are killing me  
The good times are killing me ([The good times are killing me])  
([The good times are killing me])
