

Sky Might Fall

Kid Cudi

Oh
Ohh, Ohh[Verse One]
What a World that I'm living In
Will the rain storms ever end
Still I Feel My
Path narrow I run again
Seem Happiness is gone again
Then You See 'em
Grey clouds up above mane
Metaphor to my life mane
Still I feel My
Heart stronger then it's ever been
Strong will till my journey ends
Until then I Roll
More than I ever rolled
not pills but the Mary though
Still I feel my
Eyes heavy when the day go
Nothing helping with my head dose
But I ain't Sleep
Awake in another state
living in a new space
Still I feel my
Mind running at a steady pace
God help me so I win the Race
Until then I go
[Chorus]
The Sky Might Fall
The Sky Might Fall
But I'm not worried at all
Come on come on
The Sky Might Fall
The Sky Might Fall
But I'm not worried at all[Bridge]
Hey, Hey
I let em know something
I let em know something
I let em know something
They can listen up
Listen Up
Listen up
Listen Up

Hey
I let em know something
I let em know something
I let em know something
They can listen up
Listen Up
Listen up
Listen Up[Verse Two]
Grey clouds stuck together fam
lightning piercing through another land
Over the desert where the lost play
Soul searching each and every way
And then you see the
Awesome sound so profound
When it-
It'll grip you
you can see it
If you hear it you can feel it too
Something Special I am running to
Until then I goaway, very far away
to another universe where all the people say
Its the new, new place
for the special to embrace
Like a Martian who seemingly wandered out of place
Take what you need from the valley of the hope
Where even if you drowned you'd be floating higher up
and you can say bye, bye, bye
Sky might be falling but remember you can fly high[Chorus]
The Sky Might Fall
The Sky Might Fall
But I'm not worried at all
Come on come on
The Sky Might Fall
The Sky Might Fall
But I'm not worried at all[Bridge]
Hey, Hey
I let em know some
I let em know some
I let em know some
They can listen up
Listen Up
Listen up
Listen UpHey
I let em know some
I let em know some
I let em know some
They can listen up
Listen Up
Listen up

Listen Up I keep runnin', yeah
I gotta keep up, I gotta keep up, yeah
I gotta keep up, I gotta keep up
and I keep runnin', yeah
I gotta keep up, I gotta keep up, yeah
I gotta keep up, I gotta keep up, yeah 'cause I'm gone, yeah
I'm up, and away.
Know what I'm talkin' about? hey hey
