

I Just Wanna (feat. Eric Nam)

AMBER

When i first walked
In the room
I saw your face
Baby girl i was so amazed
I caught you smiling back at me
But i didn't know what to say Hey now baby boy (yeah yeah)
Don't you know (yeah yeah)
I'm ready for you you you
Now boy what you gonna do
Because i know you
The one i've been
Searching for
I know with you
My life means more
I wish i could say
These things to you
Come here baby boy
Let me listen to you I just wanna love you
Give me that chance
Wanna hold you
Baby you know
That i need you i need you
And i'm wondering all the time
If you love me come
On over get to know me
Baby because i know
You need me you need me
And i want you
In my life yeah yeah
Yeah cut to the chase
We don't play no games
The beating of my heart
Just tell me
If you feel the same
This feeling is true
You ain't gotta play it cool
I've been searching all my life
Baby boy i know it's you Because i know you
The one i've been searching for
I know with you
My life means more
I wish i could say

These things to you
Now come here baby boy
Let me listen to you I just wanna love you
Give me that chance
Wanna hold you
Baby you know
That i need you i need you
And i'm wondering all the time
If you love me come
On over get to know me
Baby because i know
You need me you need me
And i want you
In my life yeah yeah You make me go
Oh woah woah woah
I don't wanna be
Alone no more
Oh woah woah woah
Without you i feel
So cold yeah
Because days without
You they don't feel the same
Now i see just you and me
Baby you make
Everything complete I just wanna love you
Give me that chance
Wanna hold you
Baby you know
That i need you i need you
And i'm wondering all the time
If you love me come
On over get to know me
Baby because i know
You need me you need me
And i want you
In my life yeah yeah I just wanna love you
Give me that chance
Wanna hold you
Baby you know that
I need you i need you
And i want you
In my life yeah yeah La la la la la
