

# Dumb Reminders

## No Use for a Name

I heard the message then I rang it off the I didn't get you til 1 am  
Who was wrong and who was right?  
And this distance caused a fight  
Now I'm ready to give in Honestly, I'd give anything to be with you right now This town is full  
of dumb reminders  
"Having a good time" can't you tell?  
Hang up the phone and then I come back down  
Miss you, I hope you're doing well  
I'm used to waiting  
What's a voice without a face?  
I think of dying without you here  
So I drink myself to sleep  
And then I hide beneath a sheet  
And I try to disappear But I get up every single time  
Cuz you keep me alive This town is full of dumb reminders  
How far I am from you in miles  
If I could get what time has taken down  
Maybe then I could see you...  
This town is full of dumb reminders  
"Having a good time" can't you tell?  
Hang up the phone and then I come back down  
Miss you, I hope you're doing  
Miss you, I hope you're doing  
Miss you, I hope you're doing well.
