

The Bogus Man

Brendan Perry

I can see it in your eyes
The vacant stare, the empty lie
I can see it in your smile
I give you an inch, you take a mile
Politician
Model citizen
Politician
Blind ambition
I can see through your disguise
The rent four piece suit and ties
For mothers' sons will fight your wars
So rich men can reap the rewards
Politician
Model citizen
Politician
Cold ambition
Hail Father Ubu, here comes the Grand Guignol
Opportunist, you change your tune to suite the times
Sycophantic, cold-blooded, reptilian
Careering, profiteering, the party line
The party line
Hail Father Ubu, here comes the Grand Guignol
Manipulator, corrupt curator, of human lives
Sycophantic, cold-blooded, reptilian
Procrastinator, the fake orator, the bogus man
