This is not a love song This is not a love song

This is not a love song

This is not a love song

Not a love songThis is not a love song

This is not a love song

Not a love song

This is not a love songHappy to have and not to have not

Big business is very wise

I'm crossing over into e-enterprize

Not a love song

This is not a love song

This is not a love song

This is not a love song

Not a love song, I knowI'm going over to the other side

I'm happy to have and not to have not

Big business is very wise

I'm inside free enterpriseThis is not a love song

This is not a love song

Not a love song

I'm adaptable, I'm adaptable

I'm adaptable and I like my new role

I'm getting better and better

And I have a new goal

I'm changing my ways where money applies This is not a love song

Not a love song

This is not a love song

Not a love songNow are you ready to grab the candle?

That tunnel vision, not television

Behind the curtain, out of the cupboard

You take the first train into the big world

Now will I find you, now will you be there? Not a love song

Not a love song
This is not a love song
Not a love song
This is not a love song
This is not a love song
