

# Love Will Do That

Darius Rucker

The second I saw you  
What was important wasn't important no more  
Love will do that  
Love will do that Made the ole moon burn brighter, led to all-nighters  
Made sleeping a thing of the past  
Love will do that  
Love will do that It changes everything  
Makes the angels sing  
Puts the past in the past It'll drive you crazy  
Sometimes it just makes you laugh  
Yeah, love will do that  
Turns minutes to hours  
Days into years  
Gets time to moving so fast  
Love will do that It makes you move mountains or not an inch  
Life's good right where we're at  
Love will do that  
Love will do that It changes everything  
Makes the angels sing  
Puts the past in the past It'll drive you crazy  
Sometimes it just makes you laugh  
Yeah, love will do that It'll give you a sunset and an old rockin' chair  
A hand to hold while you're looking back  
Love will do that  
Love will do that  
It changes everything  
Makes the angels sing  
Puts the past right back in the past It'll drive you crazy  
Sometimes it just makes you laugh  
Yeah, love will do that  
Oh, I know, I know, I know, love will do that  
Love will do that
