

Don't Break My Heart (feat. Liza Miro)

Bongo Beats

If I gave you all my heart
What would you do with it
If I gave you all my heart
Would you take care of it Would you walk over me
Or would you treat me like a lady
Would you talk lies to me
Or would you be my faithful baby Can I give in to the bliss of your kiss
And stay the night
Will I see you again next to me
In the morning light
Oh love don't break my heart, love don't break my heart I don't believe in words
I believe in deeds
I don't believe what I heard
I believe what I see So would you hold me and show me
That I can trust you
Or will you hold me then throw me
Away when you're through
Can I give in to the bliss of your kiss
And stay the night
Will I see you again next to me
In the morning light Oh love don't break my heart, love don't break my heart
