

# Soundproof

Brian Melo

soundproof so i cant hear what you say  
i want to be soundproof  
dont look at me  
i cant make this right  
i cant help you any more than this  
dont look at me  
i cant fix your life  
i cant walk in front of you this time  
oh no oh no  
i want to be soundproof  
so i cant hear what you say  
i want to be soundproof  
but your words get in the way  
oh, oh  
oh no  
dont call on me  
i dont need a fight  
i wont tell you everythings all right  
i dont wanna be your only hope tonight  
i dont really need to hear you cryin'  
this time  
all right  
i want to be soundproof  
so i cant hear whay you say  
i want to be soundproof  
but your words get in the way  
just walk away  
can't talk for days  
how many times do i have to say im over it  
cant hear you say the same things again  
i want to be soundproof  
so i cant hear what you say  
i want to be soundproof  
but your words get in the way  
soundproof  
soundproof  
i want to be soundproof
