

# Partners in Crime (feat. Ash Costello)

## Set It Off

You'll never take us alive  
+We swore that death will do us part  
They'll call our crimes a work of art+  
You'll never take us alive  
+We'll live like spoiled royalty+  
+Lovers and partners+  
+Partners in crime+  
+Partners in crime++This a tale of reckless love+  
+Living a life of crime on the run+  
+A brush to a gun+  
+To paint these states green+  
+And red+  
+Everybody freeze+  
Nobody move  
+Put the money in the bag+  
Or we will shoot  
+Empty out the vault+  
+And me and my doll will be on our way+Our paper faces flood the streets  
And if the heat comes close enough to burn then we'll play with fire+  
+Cause+  
You'll never take us alive  
+We swore that death will do us part+  
+They'll call our crimes a work of art+  
You'll never take us alive  
+We'll live like spoiled royalty++Lovers and partners++Partners in crime+  
+Partners in crime+(Oh, just try and catch us!)  
+Here we find our omnipotent outlaws+  
+Fall behind the grind tonight+  
+Left unaware that the lone store owner won't go down without a fight+  
Where we gonna go  
+He's got us pinned+  
Baby I'm a little scared  
+Now don't you quit+  
He's sounded the alarm I hear the sirens closing inOur paper faces flood the streets  
+And if the heat comes close enough to burn+  
+Then we're burning this place to the ground+  
+Cause+  
You'll never take us alive  
+We swore that death will do us part++They'll call our crimes a work of art+  
You'll never take us alive  
+We'll live like spoiled royalty+  
+Lovers and partners+

+Partners in crime+This is [?] sheriffs police department!  
Come out with your hands up!We have the place surrounded!  
Put your weapons down!

PUT YOUR WEAPONS DOWN!

Ready men!Aim!

FIRE!The skies are black with blood-filled brain

+A morbid painting on display+

This is the night the young love died

+Buried at each others side+

You never took us alive

+We swore that death would do us part+

+So now we haunt you in the dark+

You never took us alive

+We live as ghost among these streets+

+Lovers and partners+

+Partners in crime+

(So run and hide)

+Partners in crime+

+Partners in crime+
