

# Joy Ride

TLC

Thank you  
I just wanna say thank youSittin' here thinkin' about everything  
My momma told me  
That I would always make it this far  
I can't make sense of everything (everything)  
But I know one thing  
I gave it all of my heart  
The road got lonely  
Sometimes I was afraid  
But luckily I had you  
To ride the wave  
Thank you for stayin' by my side  
Hope you all enjoy the rideRide  
Ride  
With me  
Come on  
Let's go  
Enjoy the ride  
Ride  
Ride  
With me  
I'ma take it way back  
I'ma take it back down memory lane tonight  
I remember just like it was yesterday (yesterday)  
I was just dreamin'  
Prayin' my whole life would change  
You are the support you gave to me  
You made me who I am today  
Made me who I am today  
The road got lonely  
Sometimes I was afraid  
But luckily I had you  
To ride the wave (to ride the wave)Thank you for stayin' by my side  
Hope you all enjoy the rideRide  
Ride  
With me  
Come on  
Let's go  
Enjoy the ride  
Ride
