

Love Is a Matter of Distance

Will Young

(T Christensen) Love is a matter of difference

Between you and me

Love is a matter of distance

That you are too far away

Love is a matter of growing

And knowing true feelings

Love is a matter of showing

That you are too far away

Chorus 1

When my heart is open

My mind is opening to find

I can't let you stay

The love is a matter of distance

You are too far away Love is a matter of input

Outlook, deep inside

Love is to know you're on my side

That you are so far away Chorus 2

When my heart is open

My mind is opening to find

I can't let you stay

The love is a matter of distance

You are too far away

Chorus 3

When my heart is open

My mind is opening to find

I can't let you stay

The love is a matter of distance

But you are too far away If love is a matter of distance

You are too far away
