

# When We Party (feat. Snoop Dogg)

## Faith Evans & The Notorious B.I.G.

Y'all niggas is a mess  
Thinking I'm gon stop, giving LA props  
Ain't no party like a West Coast party  
'Cause a West Coast party don't stop When we party on the West Coast (on the West Coast)  
We keep it funky on the West Coast  
(They gon' keep it funky on the West Side)  
I got love for my people on the West Coast, yeah  
When the la-la hits ya, lyrics just splits ya  
Head so hard, that your hat can't fit you  
Either I'm with ya or against ya  
Format venture, back through that maze I sent ya  
The maze is a daze, I blaze, I will amaze  
Smokin' while you're loccin' with some California A's  
Me and B.I.G., what it is, get it in  
Sippin' gin with the Hen in the alleyway  
Bangin' the Cali way  
Talking to the rap inventor  
Nigga with the game tight, fifth of that flame right  
Spell my name right, B-I, double-G, I-E  
Iced out, lights out, me and Cease-a-Leo  
S-N-double O-P, big D-O  
Old school nigga, '84 El Camino  
LBC know, we love Biggie though  
I.E.Y. in even Bernadino
