

When We Party (feat. Snoop Dogg)

Faith Evans & The Notorious B.I.G.

Y'all niggas is a mess
Thinking I'm gon stop, giving LA props
Ain't no party like a West Coast party
'Cause a West Coast party don't stop When we party on the West Coast (on the West Coast)
We keep it funky on the West Coast
(They gon' keep it funky on the West Side)
I got love for my people on the West Coast, yeah
When the la-la hits ya, lyrics just splits ya
Head so hard, that your hat can't fit you
Either I'm with ya or against ya
Format venture, back through that maze I sent ya
The maze is a daze, I blaze, I will amaze
Smokin' while you're loccin' with some California A's
Me and B.I.G., what it is, get it in
Sippin' gin with the Hen in the alleyway
Bangin' the Cali way
Talking to the rap inventor
Nigga with the game tight, fifth of that flame right
Spell my name right, B-I, double-G, I-E
Iced out, lights out, me and Cease-a-Leo
S-N-double O-P, big D-O
Old school nigga, '84 El Camino
LBC know, we love Biggie though
I.E.Y. in even Bernadino
