

Freedom (feat. Wolfgang)

Kungs

It's been so long
Since I felt this good
Sweet sensation
The high
Makes me move
This vibration
The light
Holds the truth
Revelation of my servitude
Looking for my freedom
Looking for a way
Looking for my freedom
Looking for a way
Looking for my freedom
Looking for a way
Looking for my freedom
Constellation that guide my way
I've been patient
Half-alive
Dormant state
Paralyzed
I am no more
Now I can breathe
Born to a new life
No longer blind
Now I can see
Looking for my freedom
Looking for a way
Looking for my freedom
Looking for a way
Looking for my freedom
Looking for a way
Looking for my freedom
