

Fat Boy

Maxamillion

Hey fat boy, I wanna make you smile
Hey big boy, come play with me for a while
Fat boy goes round and round ah
He'll spin your head around ah
Sometimes he'll put you down ah
Big boy don't lose your mamas
I heard the things you said
I see the things in you ah
Come with me fat boy ah
And I'll be there for you ah
Hey fat boy, I wanna make you smile
Hey big boy, come play with me for a while
Jump around
Fat boy you're big and round
Uptown, downtown, around the town
All the girls, they don't want a little man now
In London they want a big boy now
In Canada they want a big boy now
In New-York they want a big boy now
In Chinatown they want a big boy now
In Jamaica you know they want a big boy now
Hear this
Hey fat boy, I wanna make you smile
Hey big boy, come play with me for a while
We really like your smile ah
Won't you come stay in my life
Come on we're getting there
Put a smile on your face
Fat boy we're moving too ah
Just like the others do ah
Your size don't mean a thing ah
Fat boy you like to swing ah
Jump around
Fat boy you're big and round
Uptown, downtown, around the town
All the girls, they don't want a little man now
In Japan they want a big man now
In Texas they want a big man now
In L. A. they want a big man now
Washintown, you know they want a big man now
Detroit, they want a big man now
