Sign Your Name

Terence Trent D'Arby

Fortunately you have Got someone who relies on you We started out as friends But the thought of you just caves me in The symptoms are so deepIt is much too late to turn away We started out as friendsSign your name across my heart I want you to be my baby Sign your name across my heart I want you to be my ladyTime I'm sure will bring Disappointments in so many things It seems to be the way When you're gambling cards on love you playI'd rather be in hell with you, baby Than in cool heavenIt seems to be the way Sign your name across my heart I want you to be my baby Sign your name across my heart I want you to be my ladyBirds never look into the sun Before the day is gone But oh the light shines brightIn a peaceful day Stranger blue, leave us alone We don't want to deal with you We'll shed our stains showering In the room that makes the rainAll alone with you Makes the butterflies in me arise Slowly we make love And the Earth rotates to ourdictates Slowly we make love Heyyyy Sign your name across my heart I want you to be my baby Sign your name across my heart I want you to be my lady Sign your name across my heartI want you to be my baby Sign your name across my heartI want you to be my lady Sign your name across my heartI want you to be my baby Sign your name across my heart Song Discussions is protected by U.S. Patent 9401941.
