

You

Paul Alone & Lazaro

In all this vast sea of madness
Where he becomes
A simpler conditioner
For their bloodstream No light, no light, no light
The stars went out
A forgotten
Constellation Entrance doors
Blocking the exit
Mirrors reflecting
It's not you Those eyes are not yours
Their light was lost
Back in 1900
Cruise, you'll sink
Breathe, your lungs will freeze
Nothing in your lungs
They are useless Cruise, you'll sink
Breathe, your lungs will freeze
Nothing in your lungs
They are useless In all this vast sea of madness
Where he becomes
A simpler conditioner
For their bloodstream No light, no light, no light
The stars went out
A forgotten
Constellation
Entrance doors
Blocking the exit
Mirrors reflecting
It's not you Those eyes are not yours
Their light was lost
Back in 1900 Cruise, you'll sink
Breathe, your lungs will freeze
Nothing in your lungs
They are useless Cruise, you'll sink
Breathe, your lungs will freeze
Nothing in your lungs
They are useless
