I Can't Lose (feat. Keyone Starr)

Mark Ronson

Oh yeah, alright
Oh yeah, all nightWhen I met you last night, baby
And you let me roll the dice
You said I'd be your lucky lady
I hit those numbers all nightI can't lose, I can't lose

When I'm 'round you I can't lose, I can't lose

Now that I found you

Oh yeah, uuh alright

I can turn your luck around, baby

Ain't no hotter hand in town

Come and stake your love on me

Come lay it on the line

I bet you never felt this way before

I bet you never seen so much action on the floor

Rollin' fever I'm on fire

And tonight I'm going wild

You got to be my ace in the holeI can't lose, I can't lose

When I'm 'round you

I can't lose, I can't lose

Now that I found youOh yeah, uuh alright

Oh yeah, uuh all night

Oh yeah, uuh alright

Oh yeah, uuh all night

I can't lose, I can't lose

When I'm 'round you

I can't lose, I can't lose

Now that I found youOh yeah, alright

Oh yeah, all night

Oh yeah, alright

Oh yeah, all night
