

# TITANIC (feat. Rich Brian)

## Jackson Wang

[Verse 1: Jackson Wang]

I got your girl on panic  
Iced out my wrist Titanic  
Like 2-1, I'm on my savage  
No?airport?but I claim?my baggage  
I'm on the run, I'm?on the run  
Your girl gon' choose, I'm on the up  
The boy and the man yea I'm all in one  
But I used to be the one that caught the bus  
On that red line 1, don't need transit  
Only crew no friends when you see me that's it  
They ain't even like me last year  
Now they know my face  
China on the pace  
We be in the place  
Damn like the K-Dot CD  
They watch me like I'm on TV  
Brought this shit back but I ain't got receipts  
Cookin' up Bobby Flay when I'm on this beat yeah

[Hook: Jackson Wang]

Oh they got me in a bad place  
Might crash the whip in the valet  
All bout my cheese, it's a rat race  
If you ain't in first you in last place  
Oh they got me in a bad place  
Might crash the whip in the valet  
All bout my cheese, it's a rat race

If you ain't in first you in last place[Verse 2: Rich Brian]

20 women on me, fallin' like Titanic  
Smash her til she singin', soundin' like do-re-mi  
Eat me like a zombie, runnin' runnin' empty  
You can see my hickie, show it to your hubby  
Please don't get annoying  
You be talkin' like you got a point  
I got hunnids in my pocket I got hunnids from Detroit  
Spend it on some things that I don't need because I do enjoy it  
Don't be playin' with my feelings baby girl it's not a toy I'm the best out, sorry that you're left out  
If you thought of somethin' opposite then go ahead bounce  
Never care bout nada go ahead and make me care now  
Turn my feelings off and now I'm ready for my close up  
Closer closer she be gettin' closer  
One more step your relationship is over  
Good to meet ya when you comin' over

Tryna put my hand around your itty bitty shoulder[Hook: Jackson Wang]

Oh they got me in a bad place  
Might crash the whip in the valet  
All bout my cheese, it's a rat race  
If you ain't in first you in last place  
Oh they got me in a bad place  
Might crash the whip in the valet  
All bout my cheese, it's a rat race  
If you ain't in first you in last place
