## **Time, Love and Tenderness**

## **Michael Bolton**

Time, love and tendernessSo you say that you can't go on Love left you cryin' And you say, all your hope is gone And what's the use in tryin'What you need is to have some faith Shake off those sad blues Get yourself a new viewOh, nothing is as sad as it seems, you know 'Cause, some day you'll laugh at the heartache Some day, you'll laugh at the pain Somehow you'll get through the heartbreak Somehow you can get through the rain When love puts you through the fire When love puts you to the test Nothing cures a broken heart Like time, love and tendernessYou think your world is over Baby, just remember this Nothing heals a broken heart Like time, love and tenderness Time, love and tendernessI understand how you're feeling now And what you've been through But your world's gonna turn around So baby, don't you be blueAll it takes is a little time To make it better The hurt won't last forever Oh, all your tears are all gonna dry, you know 'Cause some day you'll laugh at the heartache Some day you'll laugh at the pain You may be down on your luck But baby, that old luck's gonna changeWhen love puts you through the fire When love puts you to the test Nothing cures a broken heart Like time, love and tendernessYou think your world is over Baby, just remember this Nothing heals a broken heart Like time, love and tendernessBaby, oh baby Just need some, just need some Time, love and tendernessThe hurt ain't gonna last foreverTime, love and tenderness Time, love and tendernessWhen love puts you through the fire When love puts you to the test Nothing cures a broken heart Like time, love and tendernessYou think your world is over Baby, just remember this Nothing heals a broken heart
