

Better Together (feat. Running Touch)

Hayden James

Where you go I go
I'm waiting for you
Yeah, you know
I got this feeling
Your name I'm hearing
Won't let you go
Say what you're thinking
Just give me a reason
Let me know
Something about this feeling
I'm never leaving
I know Feels a lot like love
Loves a lot like hearts
Feels a lot like mine
Feels a lot like love
Loves a lot like hearts
Feels a lot like mine Better together
Better together I know what I'm feeling
See you when I'm dreaming
Can't let you go
No rhyme, there's no reason
Change of the season
Starts to show
Say what you're thinking
Just give me a reason
Let me know, let me know
Something about this feeling
I'm never leaving
I know
Feels a lot like love
Loves a lot like hearts
Feels a lot like mine Feels a lot like love
Loves a lot like hearts
Feels a lot like mine Better together
Better together
Better together
Better Together
Better Together Keep missing you
Keep missing you Feels a lot like love
Loves a lot like hearts
Feels a lot like mine Feels a lot like love
Loves a lot like hearts

Feels a lot like mineFeels a lot like love
Loves a lot like hearts
Feels a lot like mineFeels a lot like love
Loves a lot like hearts
Feels a lot like mineBetter together
Better together
Better together
Better together
Better together
