

# Born to Try

## Delta Goodrem

Doing everything that I believe in  
Going by the rules that I've been taught  
More understanding of what's around me  
And protected from the walls of love All that you see is me  
And all I truly believe That I was born to try  
I've learned to love  
Be understanding  
And believe in life  
But you've got to make choices  
Be wrong or right  
Sometimes you've got to sacrifice the things you like But I was born to try  
No point in talking what you should have been  
And regretting the things that went on  
Life's full of mistakes, destinies and fate  
Remove the clouds look at the bigger picture And all that you see is me  
And all I truly believe That I was born to try  
I've learned to love  
Be understanding  
And believe in life  
But you've got to make choices  
Be wrong or right  
Sometimes you've got to sacrifice the things you like But I was born to try All that you see is me  
All I truly believe  
All that you see is me  
And all I truly believe  
That I was born to try I've learned to love  
Be understanding  
And believe in life  
But you've got to make choices  
Be wrong or right  
Sometimes you've got to sacrifice the things you like But I was born to try But you've got to  
make choices  
Be wrong or right  
Sometimes you've got to sacrifice the things you like But I was born to try
