

Good Lord Willing

Little Big Town

Long about midnight up on Chigger Hill
Making mischief in the moonlight
Just looking for a thrill Then the lights were coming and they're flashing blue
And the running and their gunning after you know who
Grinding out the gears in my pickup truck
Trying to get away so we don't get busted Flying ninety miles an hour like a wild bat out of hell
Singing hallelujah with a rebel yell
Dancing with a little danger, fast and hard, wrong or right
Praying I'm just gonna make it out alive Good Lord willing and the creek don't rise
Good Lord willing and the creek don't rise
Long about sunrise cuddled up with Audra May
She never said she'd had a boyfriend
Oh boy, it's me who's gonna pay 'Cause he's standing out the window and he's fighting mad
Looking like I might have stolen everything he had
Red face cussing, yeah he's blowin' a fuse
Tough loving brother, when you snooze you lose Flying ninety miles an hour like a wild bat out of hell
Singing hallelujah with a rebel yell
Dancing with a little danger, fast and hard, wrong or right
Praying I'm just gonna make it out alive Good Lord willing and the creek don't rise
Good Lord willing and the creek don't rise Flying ninety miles an hour like a wild bat out of hell
Singing hallelujah with a rebel yell
Dancing with a little danger, fast and hard, wrong or right
Praying I'm just gonna make it out alive
Good Lord willing and the creek don't rise
Good Lord willing and the creek don't rise
Good Lord willing and the creek don't rise
Good Lord willing and the creek don't rise
Good Lord willing and the creek don't rise
Good Lord willing and the creek don't rise
Good Lord willing and the creek don't rise
Good Lord willing and the creek don't rise
Good Lord willing and the creek don't rise
Good Lord willing and the creek don't rise
