

# Endorphins (Dismantle Remix) [feat. Alex Clare]

## Sub Focus

Every breath I take is heavy with the thought of you  
The moment I awake I'm chasing signs  
Never give up, I never give up  
It's never enough, it's never enough  
You're not the one that's scared that the sun won't shine on me I've been holding on for some  
kind of miracle  
I'll be right there if you're ever alone  
Holding on for some kind of miracle  
I'll be right there if you're ever alone  
Every step I take is heavy with the thought of you  
The moments I delay will make you mine  
Never give up, I never give up  
It's never enough, it's never enough  
You're not the one that's scared that the sun won't shine on me I've been holding on for some  
kind of miracle  
I'll be right there if you're ever alone  
Holding on for some kind of miracle  
I'll be right there if you're ever alone If you're ever alone...  
And I'm holding  
And I'm holding on  
And I'm holding  
And I'm holding on  
And I'm holding  
And I'm holding on
