You be out here playin' all them games

Girl, don't you?

Out here fuckin' with all of them lames

Don't you? Don't you? I know you[Verse 2: Yung Pinch]

Look

She want the money and the fame

Told her you gotta go

I ain't gon' give your ass a thing

She want a pot of gold

Back when I was young I had a lot of hoes

I'm talking back before I got this dough

Now I see how they rockin'

I know how you roll now

Ain't no need for talkin'

That shit gettin' old now

Left me with no option

But to keep knockin' these doors down

Left me with no option

But to keep knockin' these hoes down (hold up, wait)

Gucci down to the socks (ho yeah)

That's a beach boy, baby

Pull up to the party, shawty all up on me

Now she wanna date me

Said she wanna have my baby

I ain't know that was your lady (oh no)

I've been workin' off the clock for this shit

Did a lot for this shit

Please don't expect me just to give it up

Shorty wanna rock with the kid

I gave her cock then I dipped
Told lil mama go ahead and live it up[Chorus: Yung Pinch]
Look, I know you
You just wanna fuck me for my fame
Girl, don't you?
You just wanna fuck me for the fame
Yeah, don't you?
You just wanna fuck me for the fame
She wanna fuck me cause the diamonds on my chain
Girl, I know you
You be out here playin' all them games
Girl, don't you?
Out here fuckin' with all of them lames
Don't you? Don't you? I know you
