Benefit

Check one, remix ... yeah
at all costs, (at all costs),
at all costs, (at all costs)
"it's vicious... inhuman" Professional, upping the decibel a decimal above

Extraterrestrial audible vessels
For blood audible missiles and vocal dismissals
Like pistols, tearing through MC's skeletal bristles
Beneficial, ripping in the kids brain tissues
Leaving them a bit retarded with personal issues
Personal misuse of my tracks have tested deadly
Infest the steady, when my tracks oppress the ready
To floods the brain like cocaine ingested heavy
And less than every bit of protection when testing benny
I've battled plenty, and everyone is rattle empty
Without a skeleton to hold 'em up they had to tempt me
And then correctly, spitting at me like a Jetski
Go ahead and press me, bones crunch like Nestlé
Arrest me, sentence me and lock me away
So the streets can be safe for MC's to play
By the way, when I spit don't get hit by a stray
Cause every random word I say can shatter your vertebrae
Every verb I spray, is a miss-call herb away
Word play, that will keep MC's on the curb all day
In a verbal way, I get violent and kill quick
To define me kids make up words like "ill-sick"
Who's a relic, wack MC's heads are real thick
So the target is big, my metaphors will stick
(Chorus)

Unnecessary emotion

Zoo-logical (4x)

Proceed with caution

Unnecessary emotion

So unemotional (4x)

Proceed with caution

It will be painful

Zoo-logical (4x)

Proceed with caution

It will be painful

So unemotional (4x)

Proceed with caution

(verse 2)

Behold benefit, the old and degenerate

I heal by the power of the subject apreticate
 The "pro-ject" delivering, hole of the rethoric
 Mc's will fall like the soul of confederates
 Total considerate, apologies, follow these
 Battle ranthologies, mc's say please
 And possibly I'll display generosity
 And watch the velocity, when I'm spitting this atrocity
 But probably not, and the robbery's hot
 When kids steal my rhymes and ignite on spot
 If you bite on top, from being wack and dropped
 Call it "our big benefit", and they pop
 And you get a hit, but being illiterate
 Ignorant, and coming out illegitimate
 My wrath will wreak havoc on your family
 Gradually, everyone will die through a homicidal tragedy
 Bone and vital legacy, prophecy place me
 President of MC's genocide agency
 Feeling me is like feeling a flame in hell
 Casting a demon spell, so MC's are dreaming well
 And thinking they're real, knocked out on night Niquil
 In a dreamland where they sick and real type ill
 But lovely dreams soon come to a nightmare
 When they battle Benefit and they die right there unnecessary emotion
 zoo-logical (4x)
 proceed with caution
 unnecessary emotion
 so unemotional (4x)
 proceed with caution
 it will be painful
 zoo-logical (4x)
 proceed with caution
 it will be painful
 so unemotional (4x)
 proceed with caution It will be painful, but I will try
