

Minnie

Sleigh Bells

Gossip on heavy today
Let it crash on the cake and they call it
Led by the violent days
Shorty got a taste of the models
It's getting all over your face
Put a break in the ice like a devil
Smack you, have your name disgraced
You can't be proud if you're gonna let it down(Pre-)
Minnie Minnie, go count your pennies
I'm sorry to say you don't have many
Minnie Minnie, go count your pennies
I'm sorry to say you don't have any
God save you, I'm a demon
Heartbreaker, not a loser
Minnie, real hard
Minnie, real hard Still girls crying in the rain
'Cause you're sitting by the window pane
Tired of the violent grace
Strike fear in their hearts like a devil
And if it comes to this, well then it comes to this
Minnie, you can be a big
You and me could be the dream team
Minnie, you can be a big(Pre-)
Minnie Minnie, go count your pennies
I'm sorry to say you don't have many
Minnie Minnie, go count your pennies
I'm sorry to say you don't have any
God save you, I'm a demon
Heartbreaker, not a loser
Minnie, real hard
Minnie, real hard Minnie, real hard
Minnie, real hard
