

# On My Way

## Axwell ? Ingrosso

No time to pretend  
dust off and try again  
straight out of lions den  
strong as a thousand man  
that's what I've been told  
since I was six years old  
duck down and count to ten I'm gonna hit the Lotto  
I'm gonna place my bet on every step I take  
go tell everyone under the sun  
I'm on my way  
And if I hit rock bottom  
I'm gonna smile and dance with every step I take  
go tell everyone under the sun  
I'm On my way  
On my way! Go throw the key away  
no matter what they say  
all for a better day  
you will always be the same  
that's what I've been told  
since I was six years old  
duck down and count to ten I'm gonna hit the Lotto  
I'm gonna place my bet on every step I take  
go tell everyone under the sun  
I'm on my way  
And If I hit rock bottom  
I'm gonna smile and dance with every step I take  
go tell everyone under the sun  
I'm On my way  
On my way!
