

# UFO

## Sneaky Sound System

I just don't wanna be lonely  
Cause the lights, were shining ever so bright  
In my hand there's a pulse of my beating heart  
Biting my tongue there's a plastic man on the telephone  
Can you see the bright light? Shining, I  
dont know  
can you see the bright light? Shining, shining, shining  
I saw a UFO and nobody believes me  
I was sixteen miles from home with nobody in sight  
I saw a UFO but nobody believes me  
And Whats it gonna take to get me back home tonight  
Can you see the bright light? Shining, I dont know  
Is it a reflection of anyone? The big glow  
And tell me this is all good, and you say, I dont know  
Im very very far from home  
I saw a UFO and nobody believes me  
I was sixteen miles from home with nobody in sight  
I saw a UFO but nobody believes me  
And Whats it gonna take to get me back home tonight  
(hello? hello? hello? hello?)  
I saw a UFO  
and nobody believes me  
I was sixteen miles from home with nobody in sight  
I saw a UFO and nobody believes me  
And whats it gonna take to get me back home tonight  
And whats it gonna take to  
And whats it gonna take to  
And whats it gonna, whats it gonna  
And whats it gonna take to  
And whats it gonna take to  
And whats it gonna take to, get me back home tonight  
(tonight, tonight, tonight, tonight)
