

# Fuego (feat. Tainy)

DJ Snake, Sean Paul & Anitta

Don't make me crazy  
Your bed won't take it  
Don't start that fuego, oh I can't find my DNA  
Loca (ahh) Alright, then  
Just one touch, I'ma get a lick  
Commence and she stop, she go loopy (loco)  
But tell her I'm in love and I miss her, in my ride back home  
Taking a roam like a film wanna jog  
She fallin' in love with the way how I do it  
And I must love the way  
Oh, she just can't leave me alone (uh)  
Crazy because she pick up the phone  
She not stop, call Simone  
And I tell her she moan  
I go naughty zone  
T'ink me a clone  
Let me give her the bone  
No, she after third round  
Give me the crown (let's see) Ooh (baby girl)  
Encima mío, encima tuyo  
Ooh, on top of me, on top of you, yeah  
Ooh (baby girl)  
Contigo ya no hay cama que aguante, yeah  
Aguante, yeah  
La, la, la, la  
Don't make me crazy (la, la, la, la)  
Your bed won't take it  
Don't you start that fuego, fuego  
I can't find my DNA  
Pero si me vuelvo loca, loca  
You might like that (eh) (Telling you again)  
Lo, da-da, do, da, do  
Porque yo me pongo loca, loca  
Cada vez que le muerdo la boca, boca  
Rapidito se le cae la ropa, ropa y a mí me gusta (sing, girl)  
Porque yo me pongo loca, loca  
Cada vez que le muerdo la boca, boca  
Rapidito se le cae la ropa, ropa eso me gusta (let's do it) Ooh, encima mío, encima tuyo  
Ooh, (bam-baram), on top of me, on top of you, yeah  
Ooh, contigo ya no hay cama que aguante, eh  
Aguante, yeah (la, la, la, la) Don't make me crazy (la, la, la, la)  
Your bed won't take it (baby girl, I'ma make ya)

Don't start that fuego, fuego  
I can't find my DNA  
Pero si me vuelvo loca, loca  
You might like that (eh)(Telling you again)  
Lo, da-da, do, da, do  
Baby girl, I'ma make you  
Don't make me crazy  
Your bed won't take it  
Don't start that fuego  
I can't find my DNA, loca (ah-ah)  
Yeah
