

# In My Life

Judy Collins

There are places, I remember,  
all my life though some have changed  
some forever, not for better  
some are gone, and some remain  
all these places have their meanings  
with lovers and friends I still can recall,  
some are dead and some are living...  
in my life, I've loved them all. But of all these friends and lovers,  
there is no one compares with you.  
And these memories lose their meaning  
when I think of love of something new.  
Though I know I'll never lose affection for people  
and things that went before,  
I know I'll often stop and think about them.  
In my life, I love you more.  
Though I know I'll never lose affection for people  
and things that went before,  
I know I'll often stop and think about them.  
In my life, I love you more.
