Believer

[Cyn](#)

There must be something in the air
That I'm not breathing, I'm not receiving
Something I must be unaware
I got a feelingI am just a jaded girl
I feel unlovable
I need to blind to faces
It's gonna take a lot to find my whole way to believer, yeahSo put your hands on my body like
there's something you can show me
Put your hands on my body, honey, I got faith in nothing, oh
But if you love me right,
then baby you just might make a believer out of me
So put your hands on my body like there's something you can show me
Put your hands on my body, honey, I got faith in nothing, oh
But if you love me right,
then baby you just might make a believer out of me
Secret codes written on the wall
Can't understand it, can't comprehend it
A touch that is invisible
I got a feelingI am just a jaded girl
I feel unlovable
I need to blind my faith
It's gonna take a lot to find my whole way to believer, yeahSo put your hands on my body like
there's something you can show me
Put your hands on my body, honey, I got faith in nothing, oh
But if you love me right,
then baby you just might make a believer out of me
So put your hands on my body like there's something you can show me
Put your hands on my body, honey, I got faith in nothing, oh
But if you love me right,
then baby you just might make a believer out of me
But your hands on my body like there's something you can show me
Put your hands on my body, I got faith in nothing, oh
If you love me right,
then baby you just might make a believer out of meSo put your hands on my body like there's
something you can show me
Put your hands on my body, honey, I got faith in nothing, oh
But if you love me right,
then baby you just might make a believer out of me(Make a believer out of me)
Make a believer out of me
(Make a believer out of me)
Believer out of me
But if you love me right,

then baby you just might make a believer out of me
