

# M.I.A.

## Omarion & Wale

My new lady says she leaving me  
Ah fuck her I don't care  
Plus I got another over there  
She been wantin to be with me  
Got her in her underwear  
Gave her what she want, now she need me  
I called more up, they're coming over soon  
Lingerie all up in my room  
I'mma make this toast to that one girl I love  
I still smell her perfume Pour one up, no pour another  
Pour one up, no pour another  
Pour one up, no pour another  
Numbin' up  
Since you've been away, love's been MIA  
Done looking for love, cause you took away her  
Now I'm MIA  
MIA, MIA on love, on love  
M.I.A.  
Done looking for love, cause you took away her love  
Fuck her, I don't care.  
My new lady says she leaving me  
Ah fuck her I don't care  
Told me that she loved me, yeah  
I just give them the scenery, they won't ever compare To the one who's still got it  
I call her up, but she won't answer  
And she knows what I'm looking for  
And she knows what I'm looking for  
Pour one up, no pour another  
Pour one up, no pour another  
Pour one up, no pour me up some  
Cuz I'm numbun' up Since you've been away, love's been MIA  
M.I.A., M.I.A., M.I.A.  
Done looking for love, cause you took away her  
Now I'm MIA  
MIA, MIA  
on love, on love  
M.I.A.  
Done looking for love, cause you took away her love  
I be a rolling stone, missus  
Still tryna deal with ya  
Loving too much will leave you blue, and I ain't pledge Sigma  
I'm a real nigga Giving feelings just ain't me

The more attention you give em  
The more options they seek  
Talk is cheap, knew I should've kept the receipt  
She said she loyal, but all bitches gonna talk in  
the streets  
That's how I play it, how I play it  
All it is is game  
As I hit another paper plane, I'm MIA  
Since you've been away, love's been MIA  
MIA, MIA, MIA  
Done looking for love, cause you took away her  
Now I'm MIA  
MIA, MIA  
on love, on love  
M.I.A.  
Done looking for love, cause you took away her love  
Fuck her, I don't care.
