

# Knock It Off

Jay Rock

Dear God, I wanna thank you for this big redemption  
Dear God, I wanna thank you for this bad bitch I got on my side  
Dear God, I wanna thank you for letting me be a real nigga  
Dear God, I wanna thank you for giving me  
a second chance (naw what I'm talkin' 'bout)  
Dear God, I wanna thank you for all these dollars and gold  
Top off, drop off (Where the cash at?)  
Top off, drop off (Where the cash at?)  
You ain't me, nigga  
Knock it off! (Where the cash at?)  
You ain't me, bitch  
Knock it off! (Where the cash at?)  
Top off, drop off (Where the cash at?)  
Top off, drop off (Where the cash at?)  
You ain't me, nigga  
Knock it off! (Where the cash at?)  
You ain't me, bitch  
Knock it off! (Where the cash at?)  
Eastside Johnny on one, ain't no question what it is  
2-2-3, I'll let you hold one if you come between my hands  
I'ma slide into the streets, I'ma slide into the pen  
Politicking on the yard, drop your ass off a tip  
I don't trust nobody, but my daughter and my shawty  
If it blasts - that's a bag, if he leave, porta potty  
2-door seats, you know me  
Windows tinted, so the law don't see  
I like top when she all on me  
Panties drop when they call on me  
Skin-tight fade with the red Cortez  
Clip playin' in, but it's one in the head  
Girl don't play with it, heard what I said?  
Girl don't play with it, heard what I said?  
Ain't no stains upon my suede, I been high for like 4 days  
On the vibe for like 4 days, catchin' fades and runnin' plays  
God damn  
Top off, drop off (Where the cash at?)  
Top off, drop off (Where the cash at?)  
You ain't me, nigga  
Knock it off! (Where the cash at?)  
You ain't me, bitch  
Knock it off! (Where the cash at?)  
Top off, drop off (Where the cash at?)

Top off, drop off (Where the cash at?)  
You ain't me, nigga  
Knock it off! (Where the cash at?)  
You ain't me, bitch  
Knock it off! (Where the cash at?) I'm on 10, I go in, I just pop, I just win  
Off the lot, in a win, I am Rock, who is him?  
Fuck you doin'? Get a bag, sellin' work in a lab  
Smokin' purp in a Lamb, pull up, skrrrt! Rari, fast  
Off the porch, tendencies, two for one, ten a piece  
Fuck them ones, takin' V, add two, twelve deceased  
Pour one for Stephon Clark then jump in and push the start  
If I say this caviar, nigga, I ain't mad at ya, God damn  
Top off, drop off (Where the cash at?)  
Top off, drop off (Where the cash at?)  
You ain't me, nigga  
Knock it off! (Where the cash at?)  
You ain't me, bitch  
Knock it off! (Where the cash at?)  
Top off, drop off (Where the cash at?)  
Top off, drop off (Where the cash at?)  
You ain't me, nigga  
Knock it off! (Where the cash at?)  
You ain't me, bitch  
Knock it off! (Where the cash at?)...
