

# Bow Down (Westside Connection)

## Ice Cube

Tha world is mine nigga get back  
Don't fuck with my stack the gage is racked  
About to drop the bomb I'm they motherfuckin' don  
Big fish in a small pond  
Now tha feds wanna throw their book at the crook  
But I shook they worm and they hook  
Guppies hold they breath, they wanna miss me when I'm tipsey  
Runnin' everything, Westside of the Mississippi It's the unseen pullin' strings wit my pinky ring  
We got your woman, pucker up  
FO we fuck her up  
Bow down before I make a phone call  
Got 25 niggaz runnin' up on y'all  
Fo the cheese we want them keys  
Everybody freeze on ya knees, butt naked please  
Before any of you guppies get heart  
Nigga rewind my part bo' and  
(Bow down)  
When I come to yo' town  
(Bow down)  
When I'm westward bound  
(Bow down)  
'Cuz I ain't no hater like you, bow down  
To a nigga that's greater than you I take ten steps and I draw  
Now who's dissin' the mad ass Inglewood addition  
I bust like a pimple, my mind is illmental  
The Westside connects with me and South Central  
And a drag from tha zig zag, can't fuck with the  
Philly's holdin' down tha wild west like a kid they call Billy  
Once again it's Mack 10, the gold crown holda  
Strong as a Coca-Cola, with a crome pistola  
Now who wanna fuss so I can buss when I cuss  
My look bring you fear with gear deom the Surplus  
Since a teen I chased tha green, the crack scene King  
Lolos Cornishes and Bagguetts on my pieces  
So recognize these real G's, take the cheese  
The Westside connection, keep it rollin' like gold D's  
Three Wheelin' and Dealin' is like tha California style  
But in tha mean while in my town you got to bow (Bow down)  
When you come to my town  
(Bow down)  
When I'm westward bound  
(Bow down)

Because I ain't no hater like you, bow down  
To a nigga that's greater than you Well it's that chuck wearin', still sportin' a Beanie  
The shadiest nigga when the click, who want to see me  
Guess I slide my locs on let  
My khakis hang Westside Connect gang, Connect gang  
Bing bing bang, run away, run away or get yo punk ass  
Sprayed by this h double O to D to the S.T.A.  
Fuck hidin' it I am gang related simple and plain Which means I could give a fuck about you  
niggas in this rap game  
Flashy niggas get stuck up, beat the fuck up when you come around  
Keep the chain tucked from this zero zero's affiliated fucka  
Like a studio lyricist, I'm real with this, talk the talk walk the walk  
Dis me on Wax and I am tryin' to saw your whole fuckin' head off nigga  
I'm platium bond so bitch shut up and nigga punk y'all yahh  
Could kiss my converse like sh'o nuff (Bow down)  
When I come to yo' town  
(Bow down)  
When I'm westward bound  
(Bow down)  
'Cuz I ain't no hater like you, bow down  
To a nigga that's greater than you (Bow down)  
When you come to our town  
(Bow down)  
When we westward bound  
(Bow down)  
'Cuz we ain't no haters like you, bow down  
To some niggas that's greater than you Yea, tell you sumthin'  
Gangstas make the world go round  
So you ain't got tha clown  
But if you livin' on tha west side of yo' town  
Make them other fool's bow down  
Westside connects, the world belongs to us Bow down, bow down  
Bow down (Bow down)  
When you come to our town  
(Bow down)  
When we westward bound  
(Bow down)  
'Cuz we ain't no haters like you, bow down  
To some niggas that's greater than you
