

All Love Is a Lie

Pete.

When somebody pulls you under
When the bottom feels like coming up
When the tide is spilling over
It's love, it's love When the lines are worn and fraying
And the threads are all that you have left
When the only knot is slipping
It's love, it's love Your love will betray you in my bed tonight
All love is a lie
Your love is a séance for my darkest side
All love is a lie
When the veins are ripe from tapping
And the wound is held from clotting up
When the tourniquet is tearing
It's love, it's love Your love will betray you in my bed tonight
All love is a lie
Your love is a séance for my darkest side
All love is a lie It's a long way down, should I give you hope?
Open my heart
It's a long way down, should I give you hope?
Open up my heart, my heart, my heart Do you, do you, do you love her still?
Do you, do you, do you love her still?
Do you, do you, do you love her still?
Do you, do you, do you love her?
It's a long way down, should I give you hope?
Open up my heart, my heart, my heart Your love will betray you in my bed tonight
All love is a lie
Your love is a séance for my darkest side
All love is a lie
All love is a lie
