

Anywhere (Willy William Remix)

Rita Ora

Time flies by when the night is young
Daylight shines on an unexposed location (location)
Bloodshot eyes lookin' for the sun
Paradise we live in and we call it a vacation (vacation) You're painting me a dream that I
Would I belong, yeah?
Would I belong, yeah? Over the hills and far away
A million miles from LA
Just anywhere away with you
I know we've got to get away
Some place where no one knows our name
We'll find the start of something new
Just take me anywhere
Take me anywhere
Anywhere away with you
Just take me anywhere
Take me anywhere
Anywhere away with you
Truth comes out when we're blacking out
Looking for connection in a crowd of empty faces (empty faces)
Your secrets are the only thing I'm craving now
The good, and the bad, in the end
'Cause I can take it (I can take it) You're painting me a dream that I
Would I belong, yeah?
Would I belong, yeah? Over the hills and far away
A million miles from LA
Just anywhere away with you
I know we've got to get away
Someplace where no one knows our name
We'll find the start of something new
Just take me anywhere
Take me anywhere
Anywhere away with you
Just take me anywhere
Take me anywhere
Anywhere away with you
Take me anywhere
Oh anywhere
Anywhere away with you Over the hills and far away
A million miles from LA
Just anywhere away with you
I know we've got to get away
Someplace where no one knows our name

We'll find the start of something new

Just take me anywhere

Take me anywhere

Anywhere away with you

Just take me anywhere

Take me anywhere

Anywhere away with you
