

# 3 Days

## Rhyme

Oh, I'm famished.  
So I'll eat your minerals  
Like a rabid beast at a foolish feast  
I'll steal your breath,  
Like a twisted thief with a mangled glove,  
It's just my nature, I ruin love  
It's just my nature, I ruin love Stealing kisses in those misses within beats  
Stealing kisses in those bloody sheets,  
I'm killing you... I'm killing you.  
There's a window in time  
3 days to feel each other, crack this spine  
It's gonna break, cave in on itself  
Love is terminal not built to last  
Burn bright, burn fast  
Burn bright, burn fast Stealing kisses in those misses within beats  
Stealing kisses in those bloody sheets,  
I'm killing you... I'm killing you.  
So many ways.  
So many ways We got three days to feel each other  
We got three days to sing this song
