

# Mercedez (feat. G-Eazy & J. Doe)

## Riff Raff

RiFF, yeah, yo, yeah, yo  
Jody, Jody, Jody  
Uh, Yeah, yo  
Ah Everything that I've been doing lately  
Everything that I've been doing lately (yeah)  
So I can roll up in a new Mercedes (skrr)  
I can roll up in a new Mercedes (skrr)  
Tell them boys that I said, "fuck you, pay me" (fuck 'em)  
Tell them boys that I said, "fuck you, pay me" (fuck 'em)  
Caused I just rolled up in a new Mercedes  
I just pulled up in a new Mercedes (skrr, skrr)  
KT stunna, I was born to drive the four hundred  
Drive me a train, watch your boy  
Switch lanes cause I ain't in the coupe, drop  
Excuse me for dropping my top  
Drop my top on a porsche  
High school used to play sports  
Then I got fat and lazy  
And luckily my pockets did too  
Go and get the house, with the snipers on the roof  
I can do the most, watch your boy ball coast to coast  
Frost bite on all my chains  
One-point-three on the diamond ring  
Four-point-two, if we talking 'bout the house  
Codeine castle is the aerial assault  
Lilac purple on the butterscotch couch  
I could smoke more only took a half an ounce  
Everything that I've been doing lately  
Everything that I've been doing lately  
So I can roll up in a new Mercedes  
I can roll up in a new Mercedes  
Tell them boys that I said, "fuck you, pay me"  
Tell them boys that I said, "fuck you, pay me" (yee)  
Caused I just rolled up in a new Mercedes  
I just pulled up in a new Mercedes (yeah, yeah) This summer I played like ninety shows (ninety  
shows)  
It's time to spend some now I suppose (I suppose)  
House in the hills cause that's how it goes  
Moving in moving trucks moving down windy roads (skrr)  
First night decided I threw a little function  
Next door called the cops said, "there's been a disruption"  
Thought I might just have some people over

(people over)  
Twenty five hoes and I'm sleeping over (sleeping over)  
Oh boy, true, true yeah I gets cash, yeah I just smash  
I'm finna spend what I just stashed  
Throw a rolex on my wrist flash (bling)  
Breaker, breaker on the dispatch Are now on the run with drugs and hoes  
Someone got a bitch snatched, roger Everything that I've been doing lately  
Everything that I've been doing lately  
So I can roll up in a new Mercedes  
I can roll up in a new Mercedes  
Tell them boys that I said, "fuck you, pay me"  
Tell them boys that I said, "fuck you, pay me"  
Caused I just rolled up in a new Mercedes  
I just pulled up in a new Mercedes
