

It's Just Forever (feat. Alison Mosshart)

Cage the Elephant

Gonna make you mine forever
Never let you leave my side
You can run, you can hide
Girl i'm gonna make you mineIt's just forever
It's just foreverNever stop until you love me
Even if you treat me cold
Ill love you till we decompose
And the skin falls off our bonesIt's just forever
It's just forever
It's just forever
It's just forever
Forever (Ahhh)
Forever (Ahhh)
Forever (Ahhh)
AhhhMaybe we can die together
Laying side by side
Even in the afterlife
Girl you'll still be mineIt's just forever
It's just foreverPromise that you'll never leave me
Promise that you'll always need me
Bring me your hand, taste of my skin
Give me your heart like a hole in the head
Forever (Ahhh)
Forever (Ahhh)
Forever (Ahhh)
Forever (Forever)
Forever
