

It's Just Forever (feat. Alison Mosshart)

Cage the Elephant

Gonna make you mine forever
Never let you leave my side
You can run, you can hide
Girl i'm gonna make you mine It's just forever
It's just forever Never stop until you love me
Even if you treat me cold
Ill love you till we decompose
And the skin falls off our bones It's just forever
It's just forever
It's just forever
It's just forever
Forever (Ahhh)
Forever (Ahhh)
Forever (Ahhh)
Ahhh Maybe we can die together
Laying side by side
Even in the afterlife
Girl you'll still be mine It's just forever
It's just forever Promise that you'll never leave me
Promise that you'll always need me
Bring me your hand, taste of my skin
Give me your heart like a hole in the head
Forever (Ahhh)
Forever (Ahhh)
Forever (Ahhh)
Forever (Forever)
Forever
