It's Just Forever (feat. Alison Mosshart)

Cage the Elephant

Gonna make you mine forever

Never let you leave my side

You can run, you can hide

Girl i'm gonna make you mineIt's just forever

It's just foreverNever stop until you love me

Even if you treat me cold

Ill love you till we decompose

And the skin falls off our bonesIt's just forever

It's just forever

It's just forever

It's just forever

Forever (Ahhh)

Forever (Ahhh)

Forever (Ahhh)

AhhhMaybe we can die together

Laying side by side

Even in the afterlife

Girl you'll still be mineIt's just forever

It's just foreverPromise that you'll never leave me

Promise that you'll always need me

Bring me your hand, taste of my skin

Give me your heart like a hole in the head

Forever (Ahhh)

Forever (Ahhh)

Forever (Ahhh)

Forever (Forever)

Forever
