

# Shrine (feat. Freya Ridings)

## RL Grime

It's all for the taking  
The chance that I'm taking, oh oh  
I'm leaving myself open  
It ain't a long shot, I'm certain, oh oh  
I won't roll another try  
Cut my losses this time  
Been through it all  
I can't play another hand  
Things didn't go to plan  
I can't lose it all  
You by me  
Is all that I need  
Is all that I need  
Is all that I need  
You by me  
Is all that I need  
Is all that I need  
Is all that I need  
You by me You by me  
You by me  
By me I won't roll another try  
Cut my losses this time  
Been through it all  
I can't play another hand  
Things didn't go to plan  
I can't lose it all  
You by me  
Is all that I need  
Is all that I need  
Is all that I need  
You by me  
Is all that I need  
Is all that I need  
Is all that I need  
You by me Uh la la  
Gimme your light, light, light  
Gimme your light, light, light  
Give it to me  
Uh la la  
Gimme your light, light, light  
Gimme your light, light, light

Give it to me
