

A Little God In My Hands

Swans

Pink little lamb, on a granite slab
Black chasm creeping, forever leaking
Oh universe: Sing in reverse
Oh sucking lung: We'll never come
Forever loving! Forever waiting!

Oh yeah!

Oh yeah!

The universal mind! Eye full of sun, hand full of mud

Oh universe: you stink of love!

Forever lazy, forever crazy

Forever holy, forever hungry

Forever hateful, forever beautiful

Forever needing, forever reaching

Forever stinking, forever breathing

Forever growing, forever leaving

Oh shit and blood! Forever love!

No ebb or flood, will ever come!

Oh shit and blood! Forever love, love, love!

Forever draining, forever leaving

What's my name?

What's my name?

Oh yeah!

Oh yeah!

The universal mind!
