

# Know (feat. MARS)

## OVERWERK

And I noticed I now know this In the end there is no one  
There is no one to call your bluff  
In the end there is no one high above Who really can say?  
There's only one way to play the game  
I noticed I now know this And I noticed I now know this  
I now know this, I now know this  
And I noticed I now know this  
I now know this, I now know this  
In the end there is nothing  
There is nothing beyond the truth  
In the end there is only what we do Try, try as they may  
Running in circles with nothing to say  
I noticed I now know this And I noticed I now know this  
I now know this, I now know this  
And I noticed I now know this  
I now know this, I now know this  
See, only one thing's for sure  
I'm not knocking on Heaven's door  
What's up above or underneath  
Is not for men alone to breach  
Sometimes fail and sometimes win  
With all our powers here within I noticed I now know this  
And I noticed I now know this
